### Rubric Scoring Criteria

1. Not Evident	Almost none of the lessons/activities meet criteria as defined by the rubric. Evidence of the rubric descriptor is difficult to find.
2. Limited Evidence	Some lessons/activities meet criteria as defined by rubric but are not used in the majority of the activities; only parts of the descriptor are regularly met.
3. Meets Criteria	The majority of lessons clearly meet all criteria as stated in descriptors.
4. Exceeds Criteria	Above and beyond; unbelievably good; wow!
